1st EDITION  
WiSe 22/23

## BREAKING NEWS

On the 11th November the exam registration for WiSe 22/23 ends. The withdrawal period still goes until 18th December via Hisqis and until 20th January 2023 via this [form](#).

## UNIVERSITY POLITICS

At the beginning of the winter semester on 17th October, Minister-President Markus Söder and University President Ulrich Bartosch welcomed the new students and new professors of the High Tech Agenda (HTA) to the University of Passau in a well filled Audimax.

This semester, the **reorganization of the Faculty of Arts and Humanities** is an important topic at our university again. The formal reorganization is now planned for the first of April next year. Regarding further developments we will of course keep you up to date.

Throughout the Covid-19-pandemic, **disposition rooms** have been set up at the university in recent semesters where you could follow your lectures via Zoom. Unfortunately, these rooms **won't be offered this semester**, as there is no space available and we have switched back to face-to-face lectures for the most part. We recommend switching to seating options, such as in front of the NK library, for possible online lectures.

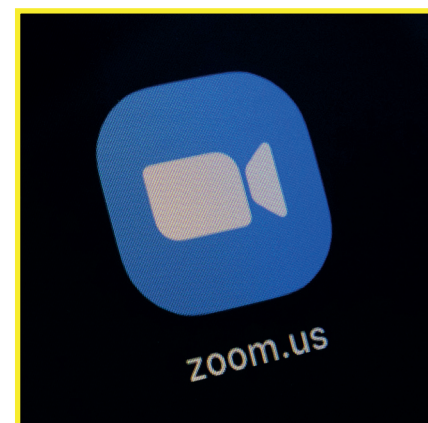

## EVENTS

On Tuesday, **22 November, from 4:30 p.m.** you can again look forward to an „**Ask the University Leadership**“. For example, you can get to know our university president Mr. Bartosch via ZOOM and ask any questions you may have to him personally. You can access this event from Stud.IP code 6999F.

For all those interested in studying abroad, the **International Day** will take place on the **23rd of November**. Here you can inform yourself in different informational events about semesters abroad as well as internships abroad. This semester, the International Day will again take place virtually via Zoom.

On **18th November** there will be an **excursion** with the Fachschaft Philo to the **ice hockey stadium** starting at 5:45 p.m. After a guided tour behind the scenes, we will watch the game against the Tölzer Löwen together. Further information will follow via Instagram.

This year you can look forward to readings by your favorite lecturers during Advent again. The first **Advent reading** is planned for the **first of December**. We are looking forward to seeing you there!

## NEWS FROM YOUR REPRESENTATIVES

This coming weekend, members of the Philo-Fachschaft are going to Breitenberg for our **strategy weekend**. There we will discuss the feedback of the Orientation week and start planning the semester. Of course, team building will not be neglected either. We look forward to welcoming all new members to our Fachschaft.

If you have any questions in general, you are always welcome to come to the office of the Fachschaft, opposite the NK library. If you have questions about your study program, you can find our [office hours](#) online or on the wall outside our office. Here you will find students from your study program who are well informed and can answer your subject-specific questions directly.
