Anlässlich der Coronasituation im Wintersemester 2021/2022 führte die Fachschaft Philo im Zeitraum von 25.11.21 bis 01.12.21 eine Studierendenbefragung an der Philosophischen Fakultät durch.

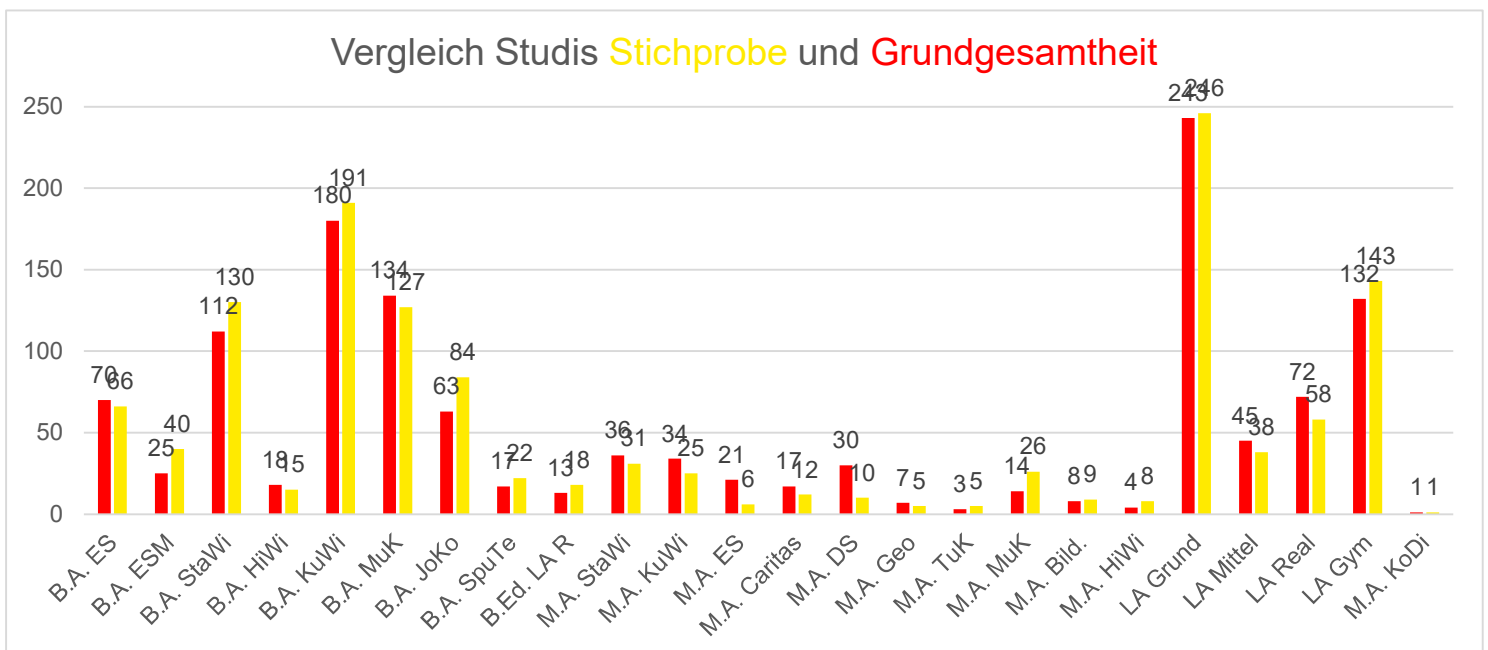

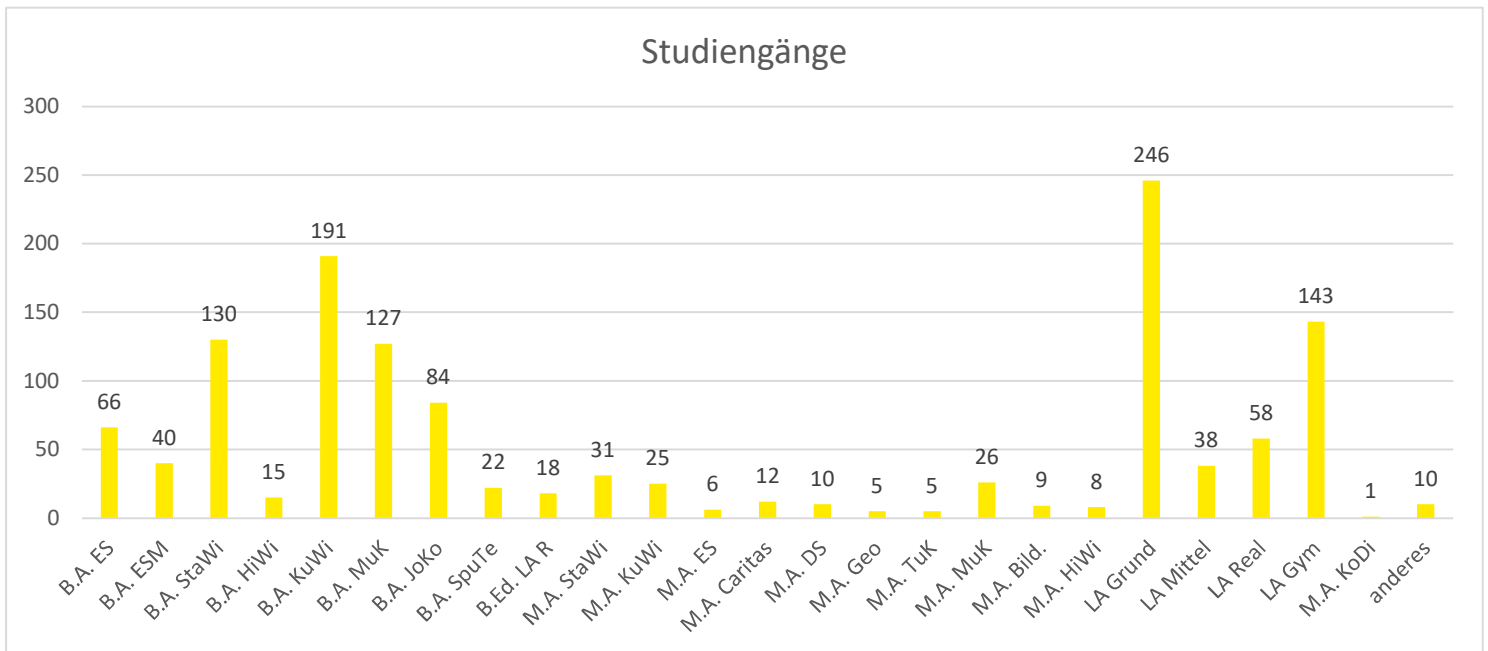

Die Umfrage wurde über den Verteiler des Dekanats an alle Studierenden der Fakultät versandt. 1145 Personen haben sie vollständig beantwortet, während 171 weitere Personen den Fragebogen zumindest teilweise ausfüllten. Somit haben 17,5% der Studierenden vollständig an der Befragung teilgenommen.

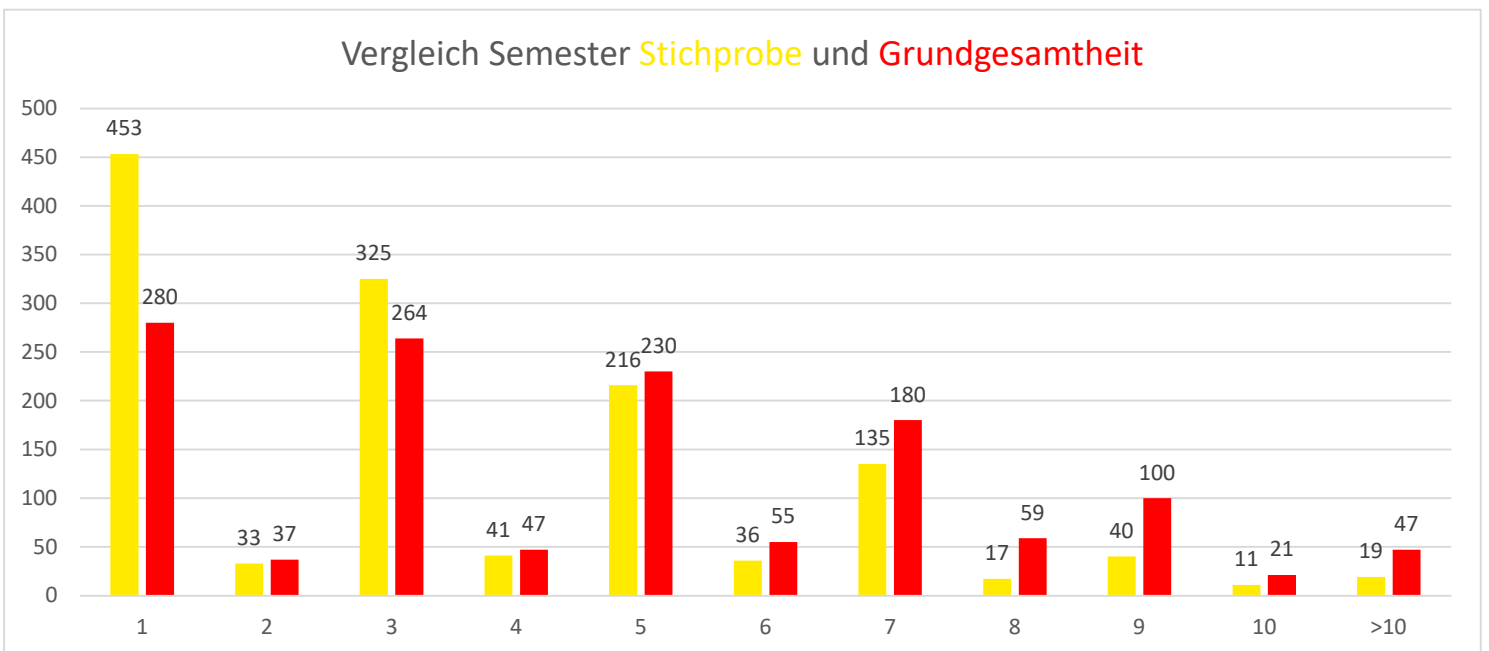

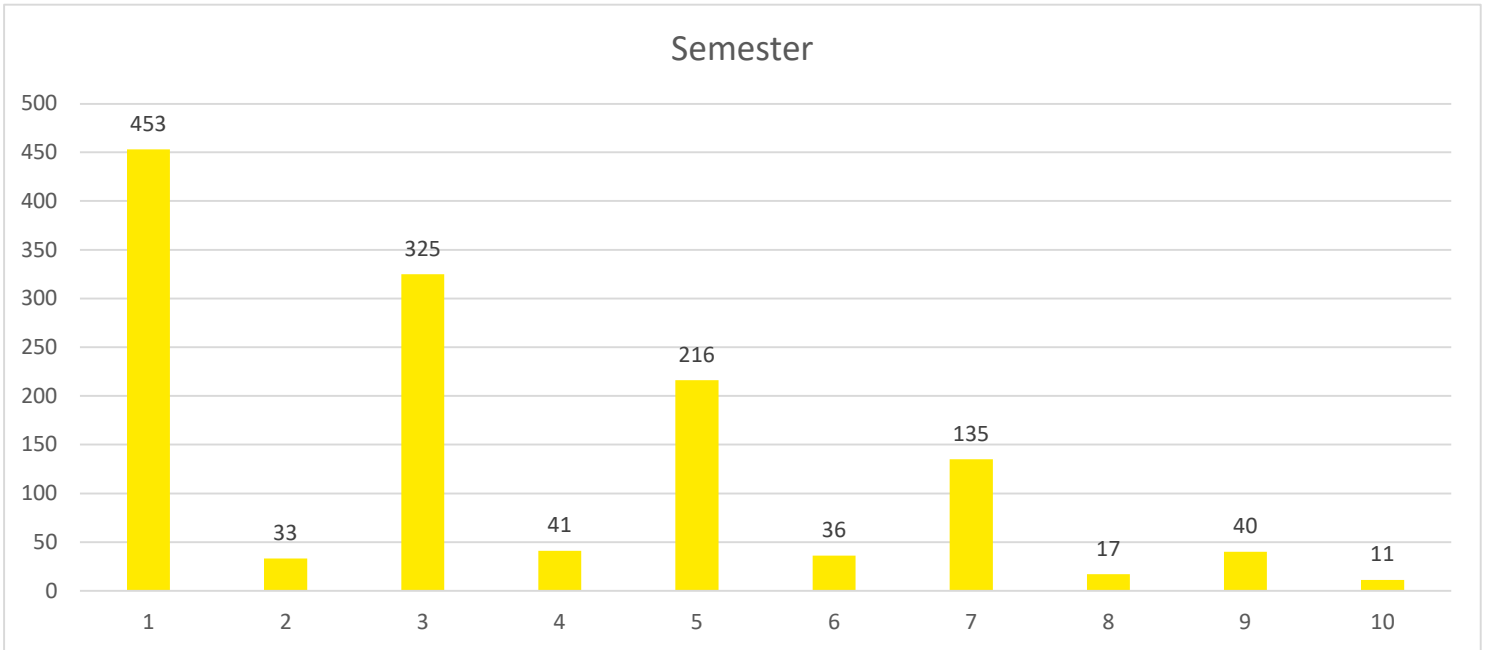

Die Anzahl der Studierenden der verschiedenen Studiengänge und Semester der Grundgesamtheit wurde für die vergleichenden Diagramme prozentual auf die Stichprobengröße heruntergerechnet.

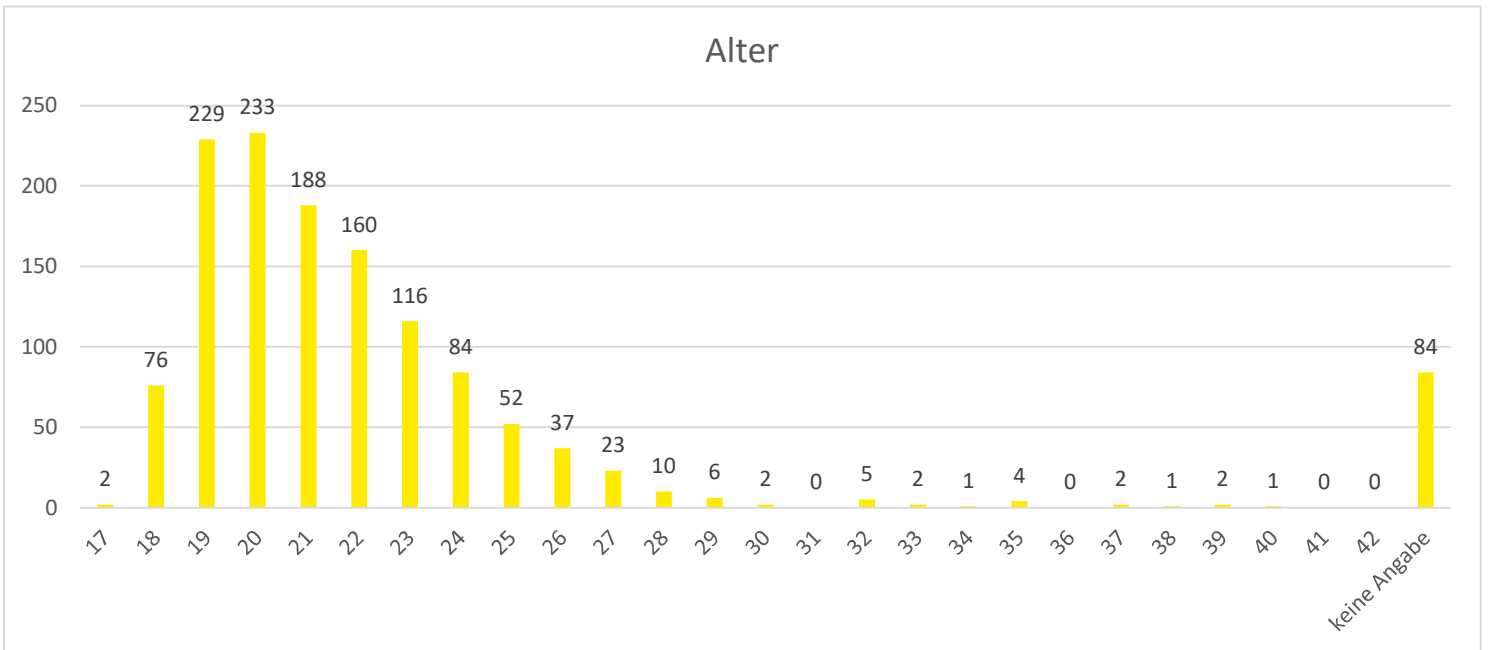

Es zeigt sich eine Überrepräsentation der niedrigen Semester und, daraus resultierend, eine Unterrepräsentation der höheren Semester.

Die Verteilung der Studierenden auf die verschiedenen Studiengänge der Fakultät stellt sich in der Befragung ähnlich wie in der Grundgesamtheit da.
